Mr. William Terry
Production Director
Radio Station WDBS
Dartmouth College
Hanover, N.H.

Dear Bill:

Thanks for sending your recommendation on to me. I have forwarded them to NBC, with the request that, should they care to contact any of the men, they write to them care of the radio stations at their respective colleges and universities.

I also repeated my plea for more information about the program, which as yet is still a distasteful mystery to me. I will send you any word I hear from NBC as soon as possible.

I just received the transcription from you. Thanks a lot for your cooperation in returning it.

Cordially yours,

THE YALE BROADCASTING COMPANY
